**Re: Sample shipping address changed for
custom DNA sequencing (capillary sequencing) service**

Dear customers,

Thank you for your usual order of our products and services.

Please be informed that the sample shipping address will be changed for our custom DNA sequencing (capillary sequencing) service.

With this change, all sample shipments for this service to be delivered to us on / after Monday, July 2nd, 2018 should be addressed to our "Haneda Oligonucleotide Manufacturing Center" except for optional service samples. (Please note that samples for sequencing optional services are still to be shipped to our head office in Sapporo.)

We apologize any inconvenience so caused. Thank you for your understanding.

Sincerely yours,

Related Service: Custom DNA Sequencing (Capillary sequencing) service

Changing Date: Monday, July 2nd, 2018

*Please note that the result delivery may become delayed for the samples shipped to the current shipping address, "Kazusa DNA Research Institute", after this date.
